VDA-RL-KLT Container
Product Code 4213

Product details:
Exterior dimensions: 400 x 300 x 213 mm
Interior dimensions bottom: 345 x 260 mm
Useful interior height: 191 mm
Volume: 18.0 l
Weight: 1.4 kg; +/-1% tolerance
Static load: 20 kg
Maximum stacking load*: 600 kg
Temperature resistance: between +60 and -20 °C
Material: PP
Color: blue
Description:

- ✓ flat base to allow use in automated production lines with conveyor belts;
- ✓ Closed integrated handles, to facilitate manual lifting and transporting of the container;
- ✓ Integrated label holder for the easy identification of the contents;
- ✓ Standard used in the German auto industry;
- ✓ Solid build, adequate for intense use over a long period of time;
- ✓ Ideal for the transport and storage of the auto parts and component, from the delivery to the assembly line.

***The maximum load is calculated for a load distributed uniformly on the entire surface of the product and for an ambient temperature which does not involve extreme conditions. For other applications, it is necessary to test the product**.
